Tell us about a recent favorite project—what did you like best about it?

My family-friendly, modern renovation in Greenwich, CT. I love the chic, contemporary design that is dressy enough for adult gatherings yet equally comfortable for the family's young children.

What design trends do you love?

Clients are asking more often for beautiful custom built-ins in unique finishes. Much of my current work is designing unique wall units, bathroom vanities and gorgeous mudrooms that are not only amazingly practical and look fantastic, but also add tremendous value to a home. We have incredibly talented carpenters and contractors on our team.

What design principles are most important?

Furnishings need to be appropriately scaled, and color and styles need to work together in a cohesive manner. Mix patterns and colors, and make furnishings practical and beautiful.

Lara Michelle Interiors offers the best in interior design services in the area. For more than two decades, owner Lara Michelle's impeccable sense of style, accessibility, easy-going manner and professionalism have made her the area's most sought-after designer.

What is the focus of your firm?

My award-winning firm focuses on creating the most beautiful yet functional homes for clients. We specialize in high-end residential design with expertise in large-scale project management and oversight.

What's your favorite part of your job?

Working hard with my team to create a beautiful home, watching it come to life and seeing how my clients' lives are enhanced from it is incredibly rewarding.
